KENT AUTO STOLEN

GOOD WORK BY POLICE LEADS
TO ITS RECOVERY IN BAD
CONDITION IN FEW HOURS

Roy L. Kent had an unpleasant surprise Wednesday night when he looked for his automobile which he had left standing on Brand boulevard in front of the first National Bank and failed to find it. Search revealed the fact that it had been stolen by some one between 8 and 10 p. m. The police department was at once notified and such was the efficient co-operation of local officers and those of Los Angeles that the machine was located about 1:30 a. m. at Aliso and Alameda streets. It seemed evident that it had been commandeered by some miscreant for a joy ride and Mr. Kent would have forgiven the offender had it come back to him uninjured, but when he again had possession he found the bumpers had been broken, the lights broken, the handles of the doors wrenched off and various other unnecessary acts of vandalism perpetrated. It will cost him no small sum to put it in order and it would be no small satisfaction to him to know who the guilty party is, though he is hoping it is not some local boy or man.

FAMILY MOTION PICTURES

It is cheering to know that motion picture production for private use which was formerly prohibitive because of its high cost, is now within reach of persons of moderate circumstances. Within the last few months it has been quite the rage to use motion pictures for making a record of family reunions and gatherings of importance for it can now be done at no greater expense than other high class still photography. Glendale residents should be interested in the fact that a branch of a Los Angeles concern which devotes its entire time and equipment to the production of motion pictures of families and gatherings has been established here and will, on short notice, produce living pictures that will do everything but talk and at prices unheard of until recently.

NEW BUILDING CONTRACTS

Contracts recently awarded Kent & Son of this city include a five-room bungalow for Frank Motsch on Central avenue between Milford and Doran streets at a cost of \$3250.

The firm will also build the new kindergarten room on the Pacific Avenue School grounds which is to cost \$935.

They will likewise do the remodeling to the Broadway School which has been made necessary by the widening of the street.

Plans are being prepared in their offices for a handsome two-story residence for B. E. Lewis in San Fernando.

ARMY UNIVERSITY

JOHN COTTON HEADS DEPARTMENT IN BIG SCHOOL ESTABLISHED BY U. S. IN FRANCE

In the most recent letters which Mrs. John Cotton of 1137 San Rafael Ave. has received from her husband he stated he had just been to Paris to get equipment for the Department of Graphic Arts of which he and one other man are to have charge in the big military university which the U. S. government is establishing for the benefit of soldiers detained overseas who wish to take advantage of its opportunities. It has been opened at Beaune, France, in what was formerly a big army hospital and preparations are being made to take care of fifteen to twenty thousand soldier students and give them three-month courses in any line of instruction they wish to take up. It will be a boon to many whose college courses were interrupted by their entry into service and to others on whom time in their enforced stay hangs heavy, but will in no way interfere with their return home whenever their organizations receive orders to go; also, it will not be obligatory but purely voluntary on the part of the men.

For his own department Mr. Cotton has purchased an etching press and he is delighted to have occupation along his own line of work. He writes that 200 or more have enrolled already for instruction in the Graphic Arts. While there the men will live in barracks and be under about the same conditions as in other army camps.

Two other California men are enrolled as instructors, one from Pasadena and one from Berkeley. Mr. Cotton says the government has no difficulty in securing competent teachers among the men drafted.

THE MACHINE AGE

THE MODERN BAKERY WORKS
AUTOMATICALLY AS OPERATOR DIRECTS

Hearing intimations of great improvements in the Sprenger Bakery's plant at 518 East Broadway, the Evening News decided to investigate. A busy scene was encountered and a marvelous process unfolded. With ingredients for hundreds of loaves of bread carefully proportioned and prepared, these are placed in a large mixing machine which works them together thoroughly and scientifically into a perfect dough, which is then dumped into a great wooden trough that is on rollers. This is rolled over to the measuring machine which cuts the dough into lumps, each of which weighs exactly the amount for the size of loaf required. These are then thrown into another machine which molds them into the required shape and they are then ready for the baking pans. All these machines are run by electric motors and are absolutely accurate. Mr. Sprenger has another now on the way which will mix the cake dough. The sizing and moulding machines are adjustable to any size and shape of loaf desired. With this perfect equipment Mr. Sprenger is turning out superior bread and pastry which meets with ready sale and which constantly grows in popularity. Thirty-six different kinds of loaf, white, rye, graham, whole wheat and bran, are baked; more than a dozen shapes and sizes in white alone.

HAPPY EXPERIENCE

WILL MARPLE WHO ARRIVED
YESTERDAY THUS CHARACTERIZES
ARMY SERVICE

Radiating satisfaction over being at home once more, Will Marple of 213 North Palmer avenue is renewing his acquaintance with old friends. He arrived in Los Angeles Thursday morning at 8:30 and was met at the train by relatives as delighted to see him as he was to see them. He says it certainly is fine to be in Glendale again, but he cannot get over the feeling yet that it is "just a fling," and that he will have to go back to camp life. Neither can he quite get over waking at 6 a. m. when reveille sounded and the sailors had to hop out and have their hammocks lashed and put away by 6:05 a. m. However, it might have been worse, he says, as they had plenty of sleep for at 9 p. m. every night they had to "pipe down," which meant turn in and stop all talking.

In the main his experience has been one of pleasure because of the sight seeing he has been able to do. The hard part was the monotonous marking of time in the Philadelphia hospital before he was sent over. For more than six months he was at Naval Base Hospital No. 3 at Edinburgh on the Firth of Forth not far from the bridge and from the hospital windows could see the harbor where the ships of the allies were stationed and where they engaged in daily target practice which shook the windows of the institution prior to the armistice. When that was signed, all such disturbance ended, but they had a

(Continued on page 5)

NEWS FROM WM. CHAPPELL

Letters have been received from William Chappell, who left Glendale about ten days ago, in which he tells of a very pleasant trip and safe arrival at Holden, Mo. He writes: "We had good weather all the way. The car was well filled both upper and lower berths so I did not lack for company. I was pretty tired but am getting rested and sleep well, so I guess I'm all right. The country looks good now. Everything is bursting into leaf and bloom and it is warm in the middle of the day. Please remember me to all inquiring friends."

HONORING MRS. D. WATT

Members of the Ladies' Aid of the Casa Verdugo Methodist Church met Thursday afternoon at the home of Mrs. J. B. Clark at 336 North Maryland avenue. The affair was in the nature of a farewell for Mrs. D. Watt, who has recently moved from her home on Valley View Road to Los Angeles. Mrs. Watt has been identified with the church since it was first organized and has been one of its most active members who will be greatly missed. She has been president of the missionary auxiliary for several years. She was presented with a nice handbag as a slight token of the esteem in which she is held by her friends in the church and members of the missionary society.

VOLUNTEER TROOPS FOR SIBERIA

WAR DEPARTMENT WILL SOON BEGIN SENDING THEM
TO RELIEVE MEN IN AMERICAN-SIBERIAN FORCES

(Special Service to Glendale Evening News)

Washington, April 25.—The War Department announced it will begin in a few days sending volunteer troops to Siberia to relieve the drafted men or men who enlisted for the period of the war and who are now members of the American Siberian forces.

GERMAN VANGUARD REACHES PARIS

MINOR REPRESENTATIVES ARRIVE, WHO WILL ASSIST
FRENCH OFFICIALS IN ARRANGING PRELIMINARIES

(Special Service to Glendale Evening News)

Versailles, April 25.—The vanguard of the German peace delegation arrived today. It included four minor representatives, who will assist the French officials in arranging the reception of the main delegation. The main delegation is due May 1.

PREDICTIONS ABOUT NEXT WAR

SENATOR LEWIS OF ILLINOIS SEES WAR CLOUD IN THE
ORIENT AND HOSTILITIES ON PACIFIC

(Special Service to Glendale Evening News)

San Francisco, April 25.—Senator Lewis of Illinois today predicted that the next war would originate in the Orient and be decided on the Pacific at the doors of California.

BIG ITALIAN DEMONSTRATIONS

POPULACE MARCHES AND SHOUTS FOR AMERICA, BUT
DENOUNCES PRESIDENT WILSON

(Special Service to Glendale Evening News)

Rome, April 25.—Hundreds of thousands of people today participated in wild anti-Wilson demonstrations throughout Italy.

Crowds marched through the streets of many cities, shouting: "Hurrah for America! Down with Wilson!"

They seemed to hold a special sentiment everywhere for America, but against the President. The biggest demonstrations were in Turin, Genoa, Bologna and Milan.

ITALIANS AND JAPANESE IN ALLIANCE

TERRITORIAL CLAIMS UNITE THEM—ITALIAN WITHDRAWAL NOT CONSIDERED PERMANENT BY BRITISH

(Special Service to Glendale Evening News)

Paris, April 25.—The Italian delegation today called Japanese Ambassador Matsui to Italian headquarters for a conference.

Japanese and Italian co-operation at this time is considered highly significant on account of the similarity of the Italian claims and the claims of the Japanese to the Shantung Peninsula.

The Japanese are known to feel that they have been affronted by the continued opposition to their claims to territory taken from Germany in China, but they announced recently they did not intend to withdraw from the peace conference.

Italian Foreign Minister Sonnino will not leave Paris until tonight. Former Premier Salandra probably will accompany Sonnino. General Diaz accompanied Premier Orlando to Rome last night.

Italian headquarters announced that Premier Orlando reached Rome this afternoon and was accorded a great demonstration. The announcement also said that Italian troops are guarding the American embassy.

All of the peace delegations today watched eagerly for details of Orlando's reception.

The highest authority declared today that President Wilson will not sign any peace which does not agree with his fourteen points. The President's statement is generally interpreted as demanding a general "show-down" covering the Italian claims and also the Japanese question.

The British delegates refused to regard the Italian withdrawal as permanent. They reiterated their belief that the pact of London does not necessarily give Italy Fiume.

London, April 25.—An Evening News dispatch this afternoon said that Premier Orlando will offer the King his resignation immediately. If it is not accepted, he will convene Parliament Monday or Tuesday.

ITALIAN DEPUTIES MAKE DEMANDS

PASS RESOLUTIONS OPPOSING MEMBERSHIP IN LEAGUE
UNLESS GIVEN FIUME, SARA AND DALMATIANS

(Special Service to Glendale Evening News)

Rome, April 25.—A group of deputies today passed resolutions demanding that Italy refuse to join the League of Nations until given Fiume, Sara and the Dalmatian Islands.

TRUSTEES' MEETING

R. D. WHITE ASKS BOARD TO
CALL BOND ELECTION FOR
PURCHASE OF PARK SITE

The regular meeting of the Board of Trustees of the City of Glendale was held April 24, 1919. Board assembled at 8 p. m. All trustees were present except Trustee Shaw. Minutes of the last regular meeting were read and approved.

Hearing in the application of the Los Angeles & Oxnard Daily Express for a permit to operate freight motor truck service over the streets of the City of Glendale was taken up at this time. Mr. Fleischer representing the applicant was present and stated that all of the legal requirements as advertising, etc., had been attended to. On motion of Trustee Henry, permission was granted for one year from date, subject to such control and restrictions as the city may see fit to impose.

An application was presented from Wm. S. May for permission to conduct a one-cow dairy at 227 North Howard Street, which being approved by the Milk Inspector was, on motion of Trustee Henry, granted.

An application was presented from the Monarch Company for permission to install a curb pump, for the supplying of gasoline in front of the Company's store at 121 S. Brand Boulevard. Action on the same was deferred until later in the evening.

Communication was read from the City Tax Collector accompanied by a tax bill and affidavit of George H. Glenn claiming exemption from taxation under the Soldiers' Exemption Act. On motion of Trustee Jackson, it was ordered that exemption be granted.

The Chairman called for oral communications from anyone present and the Board was addressed by Mr. Richardson D. White in regard to proposed bond issue for park purposes. Mr. White stated that at the Mass Meeting held at the High School on April 15, 1919, attended by a large number of citizens, the report by the Park Committee of the Greater Glendale Development Association was adopted by a large majority. This report recommended the purchase of the Sanitarium property on Broadway and the block on the west of same with certain improvements at an estimated cost of \$200,000. Mr. White requested that the Trustees issue a call for an election putting the proposition before the people. Mr. W. B. Kirk also spoke in favor of the project. On motion of Trustee Henry the matter was referred to the Committee of the Whole. In connection with this matter the City Attorney stated that it would be unwise to proceed with an election until firm options had been secured upon the property and from a good number of owners in the other block.

City Clerk reported the receipt of (Continued on Page 5)

A SPICY TRIAL

NEIGHBORHOOD QUARREL RESULTS IN LEGAL ACTION

There was a large gathering of interested spectators and witnesses in Judge Lowe's court this forenoon, when S. Berman, the well-known tailor, answered to the charge of disturbing the peace. Attorney Albert D. Pearce represented Mr. Berman and Mr. Clover from the District Attorney's office conducted the prosecution. A jury was selected in a short time and then the case was on. The evidence brought out the following facts: Mr. Berman lives at 110 East Palmer Ave. For several years he has had the use of an adjoining vacant lot by consent of the owner. Recently a family by the name of Townsend moved into the house next to him and Mrs. Townsend claimed the use of the lot for garden and poultry. Mr. Berman investigating, found she had no lease of the lot so he secured one from the owner and warned Mrs. Townsend to remove her property therefrom, giving her ample time to do so. This led to bitter feeling on her part and it was brought out that she annoyed Mr. Berman's little son while he was playing in the street, called Mr. Berman vile names, slurring his nationality and even assaulted him. The direct ground of the complaint was that in mowing his own parkway he stepped on that of Mrs. Townsend, in turning his lawn mower about. Mr. Berman brought several leading business men to testify to his character and standing and his reputation for peacefulness. The jury was out a very few minutes and brought in a verdict of acquittal. In the opinion of more than one of the spectators the defendant rather than the plaintiff had ample ground for bringing such a charge.

VAUDEVILLE PLEASES

BIG AUDIENCE DELIGHTED WITH
ENTERTAINMENT AT GLENDALE UNION HIGH

As usual the annual vaudeville by which the treasury of the Student Body of Glendale Union High is furnished with funds to meet its budget, was and is a tremendous success for the two performances on Thursday will be followed by a third show tonight. There was a big audience at the matinee and a bigger one at night. It was, too, an audience which was infected with the pleasant excitement of the students and their pride in the entertainment provided and therefore a very responsive audience which enjoyed every number and testified to its appreciation in spontaneous and thundering applause.

As usual it opened with "Star Spangled Banner" by the school orchestra, directed by Mrs. Gibson. Another orchestral number followed, in the estimation of some, the best, viz., the "Overture from Faust."

"A Ring of Acrobatic Hilarity"—the first stunt—was put on by McNary, Francy, Ruskin, Williams, Kirksey and Bowman, and was surprisingly good—so good that it was constantly applauded without a wait for the conclusion of the act. The chief performer was Thomas McNary, who did some really beautiful somersault and tumbling work with the bars and in co-operation with Orville Williams who played a comedian's part as did also Benjamin Ruskin in clown costume. Francy—dressed in skins—was the "strong man," and Kirksey and Bowman performed gracefully with the bars.

Then there was variety by way of a violin solo played by Forest Jordan which was enjoyed, followed by numbers sung by the Girls' Glee Club, and a very pretty song setting they made garbed in white with chaplets of flowers on their heads and united by garlands of flowers which produced a festive effect that was exceedingly attractive. Songs of spring and rejoicing were very fitting for their fresh young voices and that number, too, was warmly applauded.

A dialogue—"Practically Nothing"—between Philip Wernette and Fred Weaver, in which Weaver was a Charley Boy and Wernette a Jewish comedian, was very well carried off and included many local hits much appreciated by the boys and girls.

Two playlets, viz., "It Behooves Us," in which Lewis Reid and Lois Murphy took the parts of newly weds as Mr. and Mrs. Jack Sprat, Cecilia Lyons as Aunt Sprat, and John Worley as policeman, and "A Fond Delusion" in which Beatrice Hellyer and Elizabeth Webb were aunt and niece quarreling about the attentions of a young man who proved not to be interested in either of them, with a third character "The Maid" taken by Virginia Chappius, were excellent and showed good work on the part of the dramatic department of which Miss Terry is the head. They were, of course, drawing room plays, slight (Continued on Page 3)

SWINDLING

The police of Glendale and Los Angeles are on the trail of a young fellow who has victimized Glendale subscribers to some of the Los Angeles dailies by impersonating a collector without authority from the newspaper and without the proper receipt blanks. It has been suggested that citizens make sure that persons to whom they pay money for subscriptions are properly accredited and prepared to give them receipts which will be recognized by the newspapers.

REALISTIC FIRE DRILL

At 11:19 o'clock this morning, a realistic fire drill which was a pretty good test of efficiency, took place at Cerritos School. The fire whistle blew at Fire House No. 2 on Brand and Los Feliz and immediately after Principal Harwood rang the school fire bell. Hearing the engine coming that way the illusion as far as the children were concerned was perfect but they did not lose their heads. To the sound of the drum and the piano they escaped from the building in an orderly manner in just 75 seconds and were back in again inside of three minutes a very excellent showing of which principal and pupils have reason to be proud.

TIGERS WIN 10 TO 4

Today's ball game in the Intermediate series was between the Tigers and the Cubs. Four innings were played yielding a score of 10 to 4 in favor of the Tigers.

WEATHER FORECAST: Fair except cloudy or foggy tonight and in the early morning near the coast.

GLENDALE, CALIFORNIA, FRIDAY, APRIL 25, 1919

FASTER ON WHEELS THAN WINGS

It was only a short time ago that we could scarcely believe our eyes when we read that a motor car had made a speed of 120 miles per hour, or a mile in half a minute. Since then, mile records have been successively smashed. With the advent of the airplane we grew quite accustomed to think of travel at speeds of 125 to 150 miles per hour; and so when we learned that Ralph de Palma, racing at Ormond Beach, on Lincoln's birthday, had made a mile in 24.04 seconds, we were not half as astonished as we really should have been.

This figures out to nearly 150 miles per hour, or 149.8 to be exact. Few airplanes have made as high a speed as this against the air. To be sure, with a following wind to help them, they have exceeded this speed as measured over the ground, but 150 miles per hour without the aid of drift is an exceedingly high velocity and it is truly remarkable that we should be able to make as high a speed on wheels as on wings.

The car with which the record was smashed has a twin-six aviation engine power plant. The former record for the mile was 25.4 seconds. Following the Lincoln's birthday performance, Ralph de Palma made some other interesting records. The mile from a standing start was made in 38.83 seconds as against a previous record of 40 seconds, and two miles were made in 49.54 seconds as against 51.28 seconds. The records with flying start for two miles, five miles, ten miles and twenty miles, were 49.54 seconds, 2 minutes, 4.58 seconds; 4 minutes, 9.3 seconds; and 8 minutes, 54.2 seconds, respectively.—Scientific American.

DEMONSTRATION OF ITALIAN-AMERICANS

(Special Service to Glendale Evening News)

Detroit, April 25.—Several hundred Italian shipyard workers struck here today, declaring they would not work for a government which was trying to rob Italy of the fruits of victory.

364TH INFANTRY DETACHMENT DELAYED

(Special Service to Glendale Evening News)

Los Angeles, April 25.—It was announced today that the second detachment of 800 members of the 364th Infantry has been delayed and will not reach here until tomorrow afternoon at 1 o'clock.

VICTORY BOND SALES \$425,000,000

(Special Service to Glendale Evening News)

Washington, April 25.—The Treasury Department announced today that total sales of Victory Bonds amounting to \$425,000,000 had been reported officially.

TUJUNGA

Mrs. J. S. McGroarty and Mrs. Mary Lubrecht will entertain the Ladies' Aid at their home on Manzanita Drive, Thursday, May 1st. It will be an all-day session.

Mr. Miglil of Chicago is visiting with his wife and children, who are staying in the Corser house. Mrs. Miglil has made wonderful improvement in health since coming here, and cannot say enough of our wonderful climate.

At last Tujunga and vicinity is to have its long-awaited-for dance, and it is going to be a good one. It is to be given by a few of the young people of Tujunga at Bolton Hall on Saturday, May 3rd, at 8:45.

Theo. Summerland, formerly president of the Los Angeles City Council, County Assessor and lately State Railroad Commissioner, spent Easter Sunday and Monday with his old-time friend, W. N. Porter. Though for forty years a resident of this county he had never before visited this part and is more than pleased with its beauty and grandeur.

The Woman's Guild held its monthly meeting at the home of Mrs. Morgan at Oak Glenn on Tuesday. They are preparing for an apron sale and will have many pretty ones for sale.

Mr. and Mrs. Stewart came up from Palm Springs to attend to the transfer of their property and remove their own personal belongings. They will go from Palm Springs to Banning for the summer months.

VAUDEVILLE PLEASES

(Continued from Page 1)
of action, but well interpreted and so
carefully enunciated that there was
no difficulty in hearing from any part
of the auditorium.

One of the cleverest items on the
bill was a trio in which the saxo-
phone was played by Barnes, the
drum by Dodge, and the piano by
Lanterman in spirited jazz style that
brought roars of applause from the
audience, the more appreciated be-
cause contrasted with a solo num-
ber, played with considerable deli-
cacy of feeling by Barnes. They were
recalled for an encore and were re-
luctantly released.

Mary Hand as "The Human Bird"
in a whistling number which was fol-
lowed by a truly wonderful rendition
of "The Mocking Bird," was deligh-
tful to hear and see.

The most original stunt on the bill
was put on by Professor Poore, who
interpreted, or passed on as it were,
a spelling bee in which all the best
loved characters in the funny papers
took part. Mutt and Jeff, the Katzen-
jammers, and all the rest. He ex-
plained that they insisted on provid-
ing their own words and spelling
them in their own way—a way which
he demonstrated to the delight of his
hearers. Such whimsical humor on
the part of a serious instructor in
chemistry reminds irresistibly of the
author of "Alice in Wonderland,"
who was a distinguished mathematician.

"In Ireland," was a setting in
which the Boys' Glee Club showed to
advantage. While not so beautiful as
the flower-decked singers of the Girls'
Glee Club, they were nevertheless
picturesque in their green vests and
sang their Irish songs beautifully,
the number including a solo by Or-
ville Williams and one by Hugh Bry-
ant.

A final orchestral number conclud-
ed the program, the orchestra having
generously entertained during the in-
termission in which candy, peanuts
and popcorn were sold by venders in
movie makeup as "darkies," cowboys,
farmers and other characterizations.

Excellent work was done by Ticket
Manager Hulbert Toll and by the
head ushers and their assistants,
most of whom were pretty girls of
the school, and, in fact, by all who
participated in any way in making
the performance the great success it
proved to be. The committees to
whom much of the credit is due are:
Daniel Campbell, who had general
management of the affair; Hulbert
Toll, Ticket Manager; Robert Car-
mack, Reservation Manager; Frank
Balthis, Advertising Manager; James
McCluskey, Head Usher; Maxwell
Price, Confectionery Chief; Clarence
Ralston, Make-up Manager; Harold
Duey, Electrician; John Bender, As-
sistant Electrician; Sloan Freeman,
Stage Manager; Raymond Spink,
William Snell, Harry Richardson,
Floyd Herman and Paul Richardson,
Assistants.

MY CONSECRATION

By Francis Lee Chauvan
Universal Spirit of Good!
'Ere the star of my life grows dim,
Touch my heart with Thy wand of
love
And make its only song Thy hymn.
My verse may be in metre crude,
With not the harmony of art,
For I'll sing but the simple lay,
With Thy music's love in my heart.
I will sing not for the applause
That comes from the rapture of
sense,
But that a single note may touch
The soul and from it error cleanse.
I'll have no notes for war of means,
But for the justice of the end:
Thou art the end, for all the good
Of life doth in Thy Spirit blend.
The chord bravura of my song
Will be a horror of the deed
Cruel to man or animal—
My heart's first article of creed.
Universal Spirit of Good!
To Thee is my consecration;
In Thee is the Muse eternal
Of my spirit's inspiration.

431 W. Colorado St.,
Glendale, Cal.

TRIBUTE OF RESPECT

The following resolutions were
adopted by the Tropico Thursday Af-
ternoon Club to express the loss
which that organization has sustained
in the death of Mrs. Emil Tholen:

WHEREAS, In the death of Mrs.
Emil Tholen the City of Glendale has
lost one of its most respected and be-
loved of women; and the Tropico
Thursday Afternoon Club one of its
most efficient members,

RESOLVED, That we hereby ex-
press our sincere regret at this loss
so early in life, of one beloved by all
who knew her; and extend our deep-
est sympathy to her sorrowing rela-
tives and friends.

RESOLVED, That a copy of these
resolutions be published in the Sen-
tinel-Progress and Glendale Evening
News, and a copy be sent to the be-
loved husband.
The Tropico Thursday Afternoon
Club.

MRS. S. E. BROWN,
MRS. E. V. BACON,
MISS ELLEN CHURCHILL,
Committee.

HEALTH LECTURES

The opening lecture of the Chau-
taqua Health Course to be given in
the Glendale Churches by J. C. Eli-
ott will be on Monday night at 7:45
in the First Methodist Church. Ad-
mission will be free to the public.
The course of lectures will offer a
health education to all who may be
able to attend. This education will be
along several scientific lines. Scien-
tific breathing for prevention of pul-
monary diseases from the common
cold to tuberculosis will be fully dis-
cussed. The importance of diet and a
balanced ration for prevention of dis-
ease will be presented from a scienti-
fic standpoint. The elimination of ac-
cumulated poisons from the body by
scientific bathing and health culture
exercises will be fully outlined. Dem-
onstrations in breathing and in exer-
cises will be given to the entire audi-
ence at the close of the lecture Mon-
day night.

The editor of the Santa Cruz Sen-
tinel said at the close of Mr. Elliott's
course of lectures in that city, in an
editorial: "Health Lecturer J. C.
Elliott, who last Saturday night closed
a series of lectures two weeks in
duration, is now giving Pacific Grove
the same treatment. We want to say
to our over-the-bay neighbors that
Mr. Elliott is one of the best season
lecturers that has held forth in this
city. We are yet to hear the first
kick against the man or his mes-
sage."

Mr. Elliott will speak Sunday
night in the First Methodist Church
on "The Relation of Religion and
Health." The lectures will be held
daily at 2:30 and 7:45 beginning
Monday night. The lecturer says:
"This course of lectures presents a
sane, common-sense method for the
care of the body along the natural
lines indicated above, without fads or
foolishness. Health is our normal
condition. We have disease because
we violate the laws of health. We
should learn to co-operate with the

SOUTHERN CONFERENCE

OF LUTHERAN SYNOD OF CALI-
FORNIA WILL MEET IN
GLENDAL E

The Southern Conference of the
Evangelical Lutheran Synod of Cali-
fornia will meet in the First Luther-
an Church of Glendale, corner Har-
vard St. and Maryland Ave., Rev. R.
W. Mottern, pastor, April 28th to
30th. The following program has
been arranged:

High Costs Affect Operation Greater Revenues Required

Changes in Bell Telephone Rates—1913 to 1918
Compared with Changes in Wages and Prices

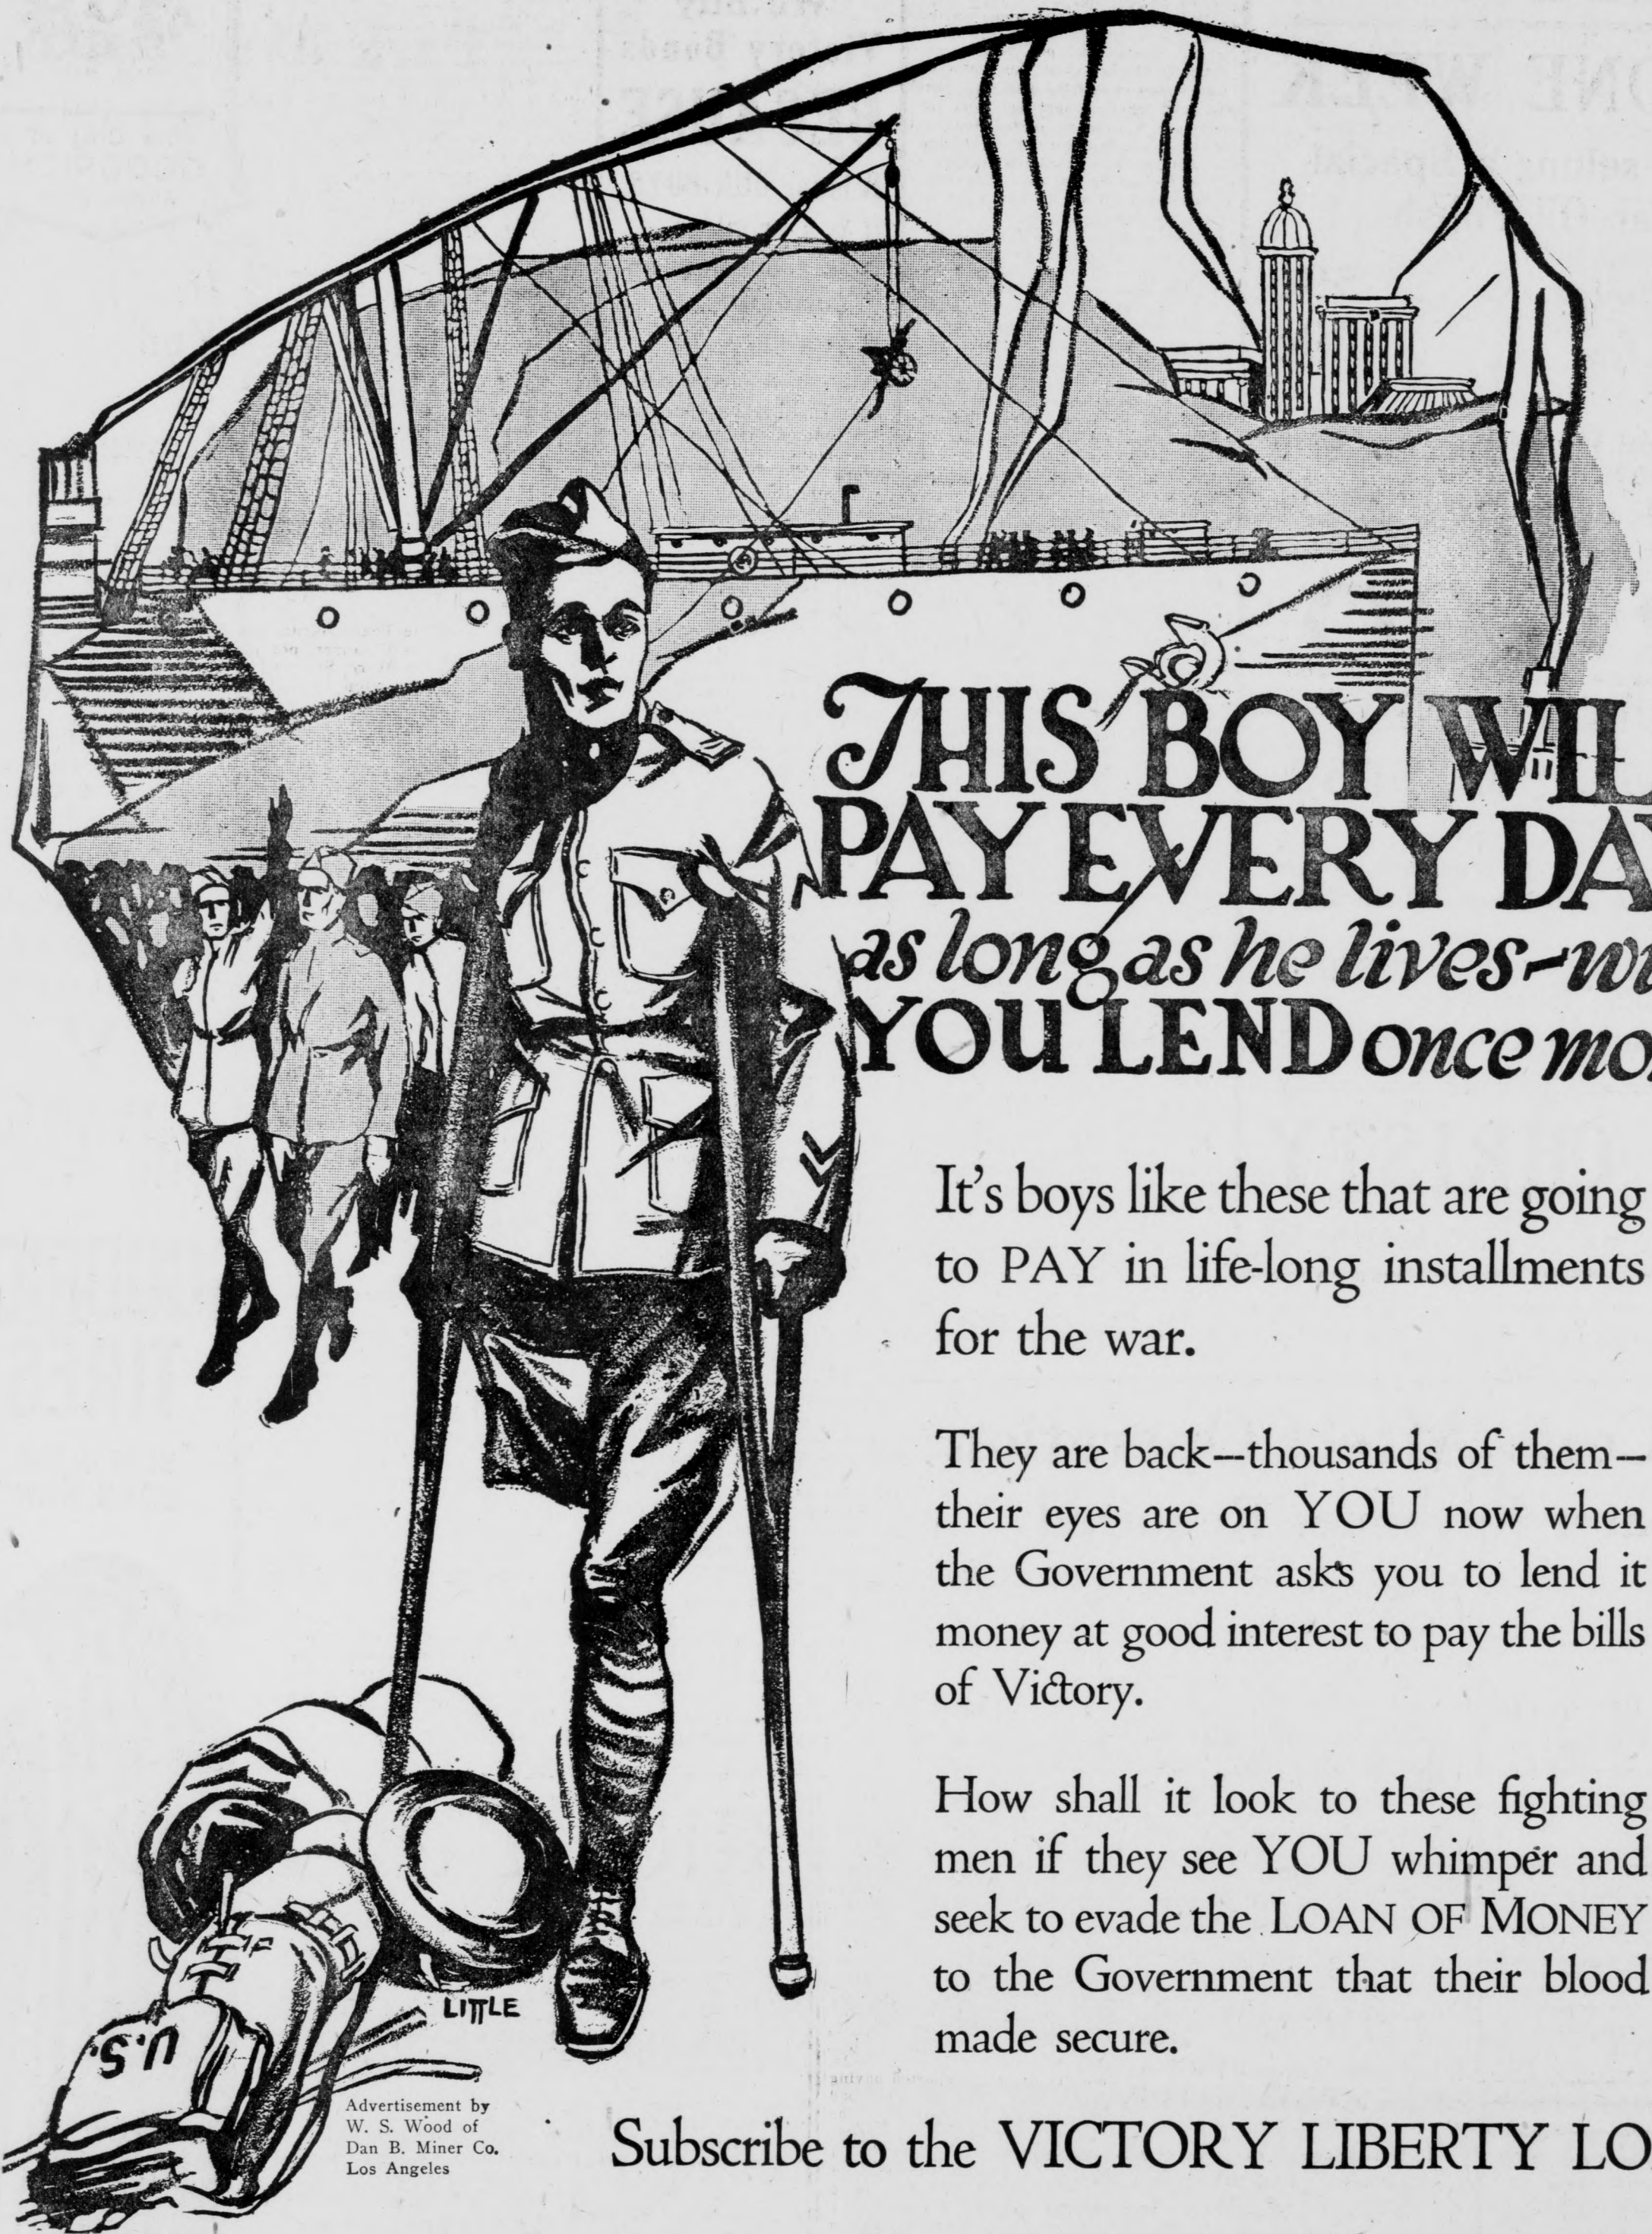

SINCE 1913 there has been a steady increase in the price of all commodities
and the products of industry, which has not been reflected in a correspond-
ing increase in telephone rates. In order to meet the past and present high
cost of telephone operation, a revenue in just proportion to the expense must
be secured.

The reason is simple. The cost of telephone operation has steadily advanced
both because of the increased cost of material and the increased living cost of
employees. The consumer has realized the necessity of paying more for rent,
for food, for clothing and for transportation. The telephone industry has been
affected by the same conditions which have produced higher prices in all of the
necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced
72% and Bell Telephone rates the country over advanced only 4%.
Adequate rates are needed if the service is to be maintained efficiently and on
a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the
Postmaster General for the United States Government and must secure sufficient
revenue to cover the cost of rendering the service.

The Pacific Telephone and Telegraph Company

THIS BOY WILL PAY EVERY DAY *as long as he lives - will* YOU LEND *once more*

It's boys like these that are going to PAY in life-long installments for the war.

They are back—thousands of them—their eyes are on YOU now when the Government asks you to lend it money at good interest to pay the bills of Victory.

How shall it look to these fighting men if they see YOU whimper and seek to evade the LOAN OF MONEY to the Government that their blood made secure.

Personals

Mrs. Catherine Lytle of 120 South Louise street and her friend, Mrs. Pettit, have gone to Redondo for a week.

Myron Watson, who until quite recently owned a home at 350 West California avenue, is now with the Blythe Herald as foreman of the plant.

J. G. Umbaugh and wife have rented their home at 343 W. Harvard and moved to Los Angeles to be near Mr. Umbaugh's work. They have lived in Glendale for nearly 10 years.

Dr. Henry R. Harrower has been ill in bed since last Sunday. The confinement is growing very monotonous to him and it is hoped he will soon be able to be out again.

A "May Tea" is being enjoyed tonight at the West Glendale Methodist Church under the auspices of the Ladies' Aid, which is providing an entertaining program of music and literary numbers followed by a social good time and refreshments.

The Hartley Shaw family is out of quarantine. Mr. Shaw is at the beach this week trying to speed his recovery. His two daughters both of whom had influenza, are able to be out and took in the High School vaudeville last night.

The Live Cole class of the Central Christian Sunday School held its monthly business meeting last evening with the Misses Overton, 415 Fernando Court. There were 15 present. After business was transacted a pleasant social time was had. Refreshments were served.

Rev. Clifford A. Cole tells us his brother, Ben, who was in the midst of the fiercest fighting in Argonne Forest, is expected home soon. He left just a year ago tomorrow and they are hoping to greet him on the anniversary of that day. He is now at the Presidio in San Francisco.

The F. R. Sinclair family of 245 Sinclair avenue are getting out from under the epidemic. At one time six members were down with influenza, some of them so seriously ill that three nurses were required to care for them. The quarantine has now been lifted and all are able to be out but not yet well enough to resume work. Miss Sinclair expects to return to her school work in the Intermediate a week from Monday.

Advertise it, or advertise for it in the Evening News.

TRUSTEES' MEETING

(Continued from Page 1)
a letter addressed to the Clerk by Arthur Wright, Attorney for the Pacific Telephone & Telegraph Company, by which that Company proposes to surrender to the City of Glendale the franchise granted to them by the City of Tropic. The letter stated that by reason of the consolidation of the two cities the franchise granted by the City of Glendale is all that the Company requires. On motion the communication was referred to the City Attorney.

Engineer of the Public Service Department made a report as follows upon the bids submitted to him at the meeting of the Board of Trustees on April 17, 1919:

I recommend as follows on the bids received on electrical apparatus at your meeting April 17, 1919:

That cable and wire be awarded to the Standard Underground Cable Company.

That cable terminals be awarded to Charles Farnham.

That connectors be awarded to the Garland Affolter Company.

That disconnecting switches be awarded to the Kelman Electric & Mfg. Co.

That 15000 volt insulators be awarded to the Garland Affolter Co.

That the pole line oil switch be awarded to the Kelman Electric & Mfg. Co.

That the year's supply of meters be awarded to the Westinghouse Electric & Mfg. Co.

That the year's supply of transformers be awarded to the General Electric Co.

That Guy Strand be awarded to Jno. A. Roebings Sons Co.

That all other bids be rejected.

Respectfully,

H. B. LYNCH,

Engineer Public Service Dept.

On motion of Trustee Jackson the recommendation of the Engineer of the Public Service Department was adopted and awards ordered to be made and contracts entered into in accordance with the same.

A report was read from the City Manager in regard to moving outside lighting equipment which had been installed by the city on the High School grounds. The communication recommended leaving the equipment in its present location and further

that the use of the playgrounds at the High School and at the Intermediate School by the general public under certain conditions shall be taken up with the school authorities with the view of the city providing in the budget for the coming fiscal year an appropriation to cover a portion of the cost of supervision and other expense in connection therewith. On motion of Trustee Woodberry the matter was referred to the Committee of the Whole.

A communication was read from the City Manager in regard to permission for the operation of a gasoline supply station and the installation of curb pumps, recommending that an ordinance be prepared and adopted governing same. At this time the motion made by Trustee Henry, seconded by Trustee Jackson, was adopted granting the permit applied for by the Monarch Company for the installation of a gasoline supply pump.

City Manager reported that in reply to inquiry, Mr. Gould of the Pacific Electric Engineering Department stated that the Glendale City Trustees might expect to hear from that department within a few days favorably in regard to appropriation for building of railroad bridges and relocation of tracks at Verdugo Wash and Brand Boulevard.

In regard to Sycamore Canyon Road opening and widening he reported that all except five of the Satisfactions of Judgments necessary to a complete settlement have been received and it is expected that all papers necessary to enter final decree will be in the hands of the City Attorney by the 1st of May.

The East Broadway Improvement is progressing satisfactorily. The concrete pavement will all be laid within the next two or three days.

The matter of having the Pacific Electric Railway Company bring its tracks to grade of pavement has been taken up with the company, and its engineers have been on the ground making surveys in connection therewith.

The city manager presented a report in detail of the operation of the Public Service Department during the month of March, 1919, accompanied by the statement of revenue and expense of said department for the period of nine months ending March 31, 1919, which is as follows:

Water	
Total revenue	\$48,029.57
Operating expense (including reserve for depreciation)	\$26,628.77
Interest on Bonds	11,589.30
Other interest deductions	1,596.93
Assessments on water shares and taxes	377.89
Total expense	\$40,192.89
Surplus	7,836.68

Electricity	
Total revenue	\$52,880.96
Operating expense	\$34,748.57
Interest on Bonds	4,351.72
Other interest deductions	200.59
Total expense	\$39,300.88
Surplus	13,580.08

Total surplus for water and light for 9 months	\$21,416.76
Additions to fixed assets (extension and addition to plant)	9,914.97
Redemption of Bonds	3,500.00
Material purchased and held in store	8,001.79
	\$21,416.76

Respectfully submitted,

T. W. WATSON,

City Manager, City of Glendale.
The City Attorney reported having received notice from the Railroad Commission that the matter of the application of the Pacific Electric Railway Company for the order granting permission to increase rates for passenger service will be heard on April 29, 1919, at 10 a. m., before the commission in Los Angeles. On motion of Trustee Jackson it was ordered that the City Attorney attend the hearing to represent the interests of the city.

Mr. C. L. Chandler representing Forest Grove Land Company appeared before the Board and in conference with the Board of Trustees and City Attorney in reference to certain clauses in the proposed agreement between the land company and the City of Glendale, an understanding was reached by which Mr. Chandler expressed his opinion that his clients would now be ready to sign same.

On motion of Trustee Henry it was ordered that the City Manager be directed to act as proxy in representing the City of Glendale at an adjourned meeting of the stockholders of the Verdugo Canyon Water Company at 2 p. m. April 25, 1919.

Trustee Jackson presented Ordinance amending Ordinance No. 201, which was, on motion, held over for final action at the next meeting. Adjourned.

OUR DEBT TO THE DEAD

Subscribing to the Government's Fifth Liberty Loan, called in our Thanksgiving the Victory Loan, is the most patriotic thing any of us can do at the present moment. While actual fighting was in progress it was not hard to arouse ourselves to active and unqualified support of any of the war measures which were brought forward. Now that the stimulus of the knowledge that American blood was flowing on the fields of France is gone we should not be any the less hesitant in responding to the appeal which is necessary to pay the price of the peace.

It is not difficult to realize that hundreds of millions of dollars were spent in accumulating the materials with which America was to play its part in the great spring offensive of 1919, planned by the Allies to be the vital blow of the war. Among other things America is to pay for large quantities of these supplies and it is for that reason that the present loan is being asked. The debt was acquired in a worthy cause and in honor to our dead we can do nothing but pay the bill.

All Southern California must promptly meet the quota asked by the purchase of Victory Loan bonds, and thus discharge the obligation of the people to see the war to the finish, with credit to California and the Nation.

"HAPPY EXPERIENCE"

(Continued from Page 1)
chance to see a more wonderful sight when the ships of the nation were drawn up to receive the surrender of the German fleet. While there he was given a ten-day furlough in which he visited his mother's sister and other relatives in Scotland. He had heard much of the country from his mother and he found it exceedingly beautiful, like a park from valley to mountain top and covered with verdure. He says it is the only part of Europe that he saw which he would care to visit again.

From Base Hospital 3 he was sent to Naval Base Hospital 5 at Brest, France, and while there he had a seven-day leave in which, with a party of his mates, he visited the front lines, Chateau Thierry and the rest spending three days in Verdun where they were entertained by members of the army forces stationed there and conducted to the principal battle fields, the dugouts, etc.

He also visited Paris and its suburb, Versailles, where the peace conference is being held, and took in the beautiful park and palaces there. The fact that he drove an ambulance at Brest as at Edinburgh enabled him to see a considerable amount of the country and he feels that he has been greatly privileged.

His work in the hospital service, particularly in Philadelphia, convinced him that a medical course and profession would not be to his liking; and he has now decided to go to Berkeley and take an agricultural course, as he wants an out-door life and that kind of work appeals to him. Meantime he will take up some of the duties he dropped here and will probably again be active in the choir of the Central Methodist Church.

STOP! LOOK! LISTEN!

A free auto drive, free Spanish dinner, free address, given to anyone wishing to see the foothill home sites at Selvas de Verdugo, two miles from center of Glendale. Ring up Glendale, 2002-J or call at 101 N. Cedar St., corner of Broadway. 19813*

SUNLAND

Frank McNab and wife of Santa Monica were guests of his mother over Sunday.

Mr. Emwood attended the feast at the Pisgah home Sunday.

Mrs. McNab spent Tuesday and Wednesday in the city.

Arthur L. Holgate of Los Angeles this week purchased the five-acre lemon orchard of Mrs. Spaths through the Huse Agency. He has taken possession. Mr. Holgate expects to make quite extensive improvements. Glad to welcome such people to the valley.

The water meeting of the Monte Vista Pipe Line Company held at the schoolhouse was well attended. The regular business was discussed. The election resulted in the same Board as before. J. I. C. Spencer, who looks after the water supply had his salary increased \$5 per month. The same assessment as last year was levied. The only change, the assessment falls due in June the full payment instead of two payments as last year. Sunland has a good water supply.

Easter was observed in Sunland by a prayer meeting on the foothills back of Dr. Hammond's place, preaching services at 11 a. m. by Rev. Wester; special services at 7 p. m., Rev. Jaeger preaching. Special music by the young people.

Great crowds enjoyed the beautiful oak park with picnic dinners.

Mr. John Renshaw was the guest of Elmer Adams Wednesday, having just returned from camp.

Mr. and Mrs. Southard have moved on the Wells place on Manzanita Drive.

The Sanitarium under Dr. Sickler is doing a good business with a proficient corps of nurses and the lovely climate of Sunland. We predict a full house when the place gets in full running condition.

Mr. and Mrs. Harron entertained Easter their relatives from Los Angeles and Glendale.

Mrs. M. Cushman returned this week from Sacramento.

Services next Sunday at the First Presbyterian Church. Rev. Wester will preach at 11 a. m. Christian Endeavor at 7 o'clock p. m. Subject, "Christianity and the Toilers of America." Matt. 9:35-38. (Missionary meeting). Everybody welcome.

Quite a flurry of excitement in quiet Sunland when some youthful

bandits, not more than 13 or 14 years old, were found boldly looting a house near the park Sunday. Their plans were given away by one of the gang. They had intended robbing the postoffice and taking a machine and going to San Francisco. They had been operating around Sunland for a week, hiding their loot in the park. They were taken to Los Angeles and placed in jail.

Somewhere in the dim past Sunland had a very active Chamber of Commerce, but if that today still exists it is kept very quiet. Now that there are so many new people coming into the valley, why not hear something about the Chamber of Commerce to let the newcomers know where to go. Sunland surely needs an active membership in this line.

LA CRESCENTA NEWS

Robert Wise has returned from Columbia University, where he has been doing war work for the government. He brought his bride home with him, too, and after the honeymoon here will return to the east again.

Mr. Ross of the Audubon has returned from France, where he has been for nearly a year with the Y. M. C. A. workers. After a brief rest he and his family will return to China as missionaries.

Last Saturday Mrs. Joe Urquidez was thrown from a horse on Michigan avenue and severely injured. She is recovering slowly and will be able to be out again in a few days.

The Glendale & Montrose Railway has issued a letter showing the number of riders on the late car on Wednesday and Sunday nights. As the patronage has been very, very light on these nights, the company will not be able to retain these cars in service unless a decided gain is shown. If we want this late service, let us patronize it, or we will lose it.

Mrs. Mary Thomson is rejoicing over the return of her son Joe from the navy.

Did you buy your Victory Bond? Mr. Potter and Mr. Anderson have charge of the drive and will come and see you if you have not yet subscribed.

On Friday, May 9th, a flower show will be held at the school auditorium at 8 p. m. A noted speaker will be present and wonderful slides of the wild flowers of California will be shown. Admission will be free and everyone is invited. The Woman's Club will award prizes to the pupils having the largest collections.

Louis Maranville is reported in New York. He will be home as soon as discharged.

The Cloud place has been rented for a term of months to James Pierson of Arizona.

The Sports' Dance for the night of May 10th is the biggest thing the Woman's Club has yet given. Be sure and remember the date, and come prepared for a good time.

Picture show for May 2d is George Randolph Chester's "Twenty-One" with Bryant Washburn as Jimmy Mufferton and "Battling" Dave Carey. There is a real (not reel) prize fight, even if it is a comedy drama, with love, mistaken identity and amusing situations all mixed up together. Jimmy Mufferton is tired of his aunt's apron strings upon reaching the ripe age of 21. He cashes a check for \$1,000 and starts out for adventures (and gets them). The Goddess of Chance lands him at the back gate of "Battling" Dave Carey's house and Jimmy finds Dave is his almost double. Jimmy persuades Dave to trade identities with him for 48 hours. Agreed, but Dave finds that the ease and luxuries of the Mufferton mansion are delightful and shows no inclination to give them up when the time has expired. He also shows a fondness for the girl "next door" that Jimmy has always admired, but from a distance. By the failure of Dave to keep his agreement Jimmy is forced to meet a regular battler in the prize ring in Dave's place. (Say, don't miss this, it is some fight). Jimmy discovers he has a punch. He realizes that now is the time to use it and the prize-fighter is defeated. (Once more, don't miss this show. It is a real fight staged right and fought right). The knock-out administered by Jimmy is a real one. Jimmy is full of confidence and pep and returns home. He arrives at the nick of time—the rest of the story you must come and see for yourself. It is just as startling as the beginning. It's the best thing Washburn has ever done and you will have a splendid thrill or two and plenty of laughs. There will also be a Harold Lloyd comedy for a wind-up.

LA CANADA

Mrs. Miller of School street was the delegate from this city to the Thursday meeting of the convention of the Federation of P. T. A.'s and Congress of Mothers and on Friday Mrs. Nyby was the delegate.

Mr. and Mrs. Jans, who have been occupying the E. T. Earl place on Palm Drive, have moved to Los Angeles.

An interesting meeting of the Woman's Missionary Society of the Congregational Church was held all week at which reports were received of the conference at Pasadena the week before.

Dr. and Mrs. Bigelow are spending

the week with Mr. and Mrs. J. W. Stultz before returning to their Minnesota home after spending the winter in Long Beach.

There has been quite an epidemic of colds among the children of the valley.

H. L. Cooper has bought the old school building and under his direction it is being rapidly razed to the ground. It will soon be nothing but a memory. To the residents of La Canada the old building has many happy associations but it has served its purpose and it would be misplaced sentiment to keep it as a harbor for bats and owls or an object of small boys' vandalism. Therefore R. I. P.

There will be motion pictures Friday night, which will feature Fatty Arbuckle in "The Butcher Boy," and be accompanied by good music by the orchestra.

Appropriate and beautiful Easter services were held here last Sunday and an unusually large audience from the valley and outside communities was in attendance.

Enormous quantities of seed are being sown and plants being set out in the wild flower gardens on grounds belonging to Mr. McNaughton. This, when completed, will be a very unique and attractive addition to an already beautiful home. Robert Waterman has charge of the work.

O. L. Green has been remodeling his house on Commonwealth avenue. The Green family is now here to stay and La Canada is glad to welcome them back.

Max Green's former home on Michigan avenue has been resold and the present owner is building an addition to the house.

TUJUNGA

Mr. Richardson, who lives on the corner of Monte Vista boulevard, purchased a short time ago, a Chevrolet auto. One night his wife was awakened by a noise and on looking out of the window, discovered two men had
